

## PLEASE HELP BUSTER

Buster was born one year ago with a deformed left leg. He didn't let that stop him from becoming an active loving Shar Pei. But the owners didn't want him anymore and turned him into a shelter. Two of our Volunteers drove to N. C. to save him.

Buster loves people, children and dogs. But our Doctor tells us that his right front leg is about to give out. In about three months Buster will be unable to walk and will have to be "put down". He is so full of love and happiness that we can't bear to do this.

There is a surgeon who can operate on the right leg For \$3,000.00 and give this sweet boy many years of life.

The great news is that we have found a sponsor who will **match dollar for dollar any donation** for Buster that we receive. If you send in \$25.00 – it will turn in to \$50.00. Please help keep Buster walking and alive. Send your donation (check or Pay-Pal) to: MACSPRO, P O Box 34034, Bethesda MD 20827 and mark it: **Buster**.

We are a 501©3 tax exempt organization
